WHO IS STARS ON THE MOVE?

Denise Vacca has over 20 years experience in astronomy education. As producer of the Fels Planetarium, Denise worked with schools, educators and public audiences. She has produced and developed numerous astronomy shows, as well as special programs and activities for space related events such as Work Space Week and The Philadelphia Science Festival. Denise has been presenting her own live, traveling shows since 2004 and was voted Philadelphia Magazine's Best Kids Party.
